</table>

**Totals** 63

* Students who present more than two or more units of high school credit in a foreign language may satisfy this requirement by taking courses 203 and 204 in their first year and six hours of GEC elective courses in the second year. Students who do not have adequate high school credit must take four semesters of study in one language.

** The student must complete all nine GEC requirements before earning a baccalaureate degree. These electives must be taken in different areas in order to make progress towards that goal.
